

Yik Yak Redesign

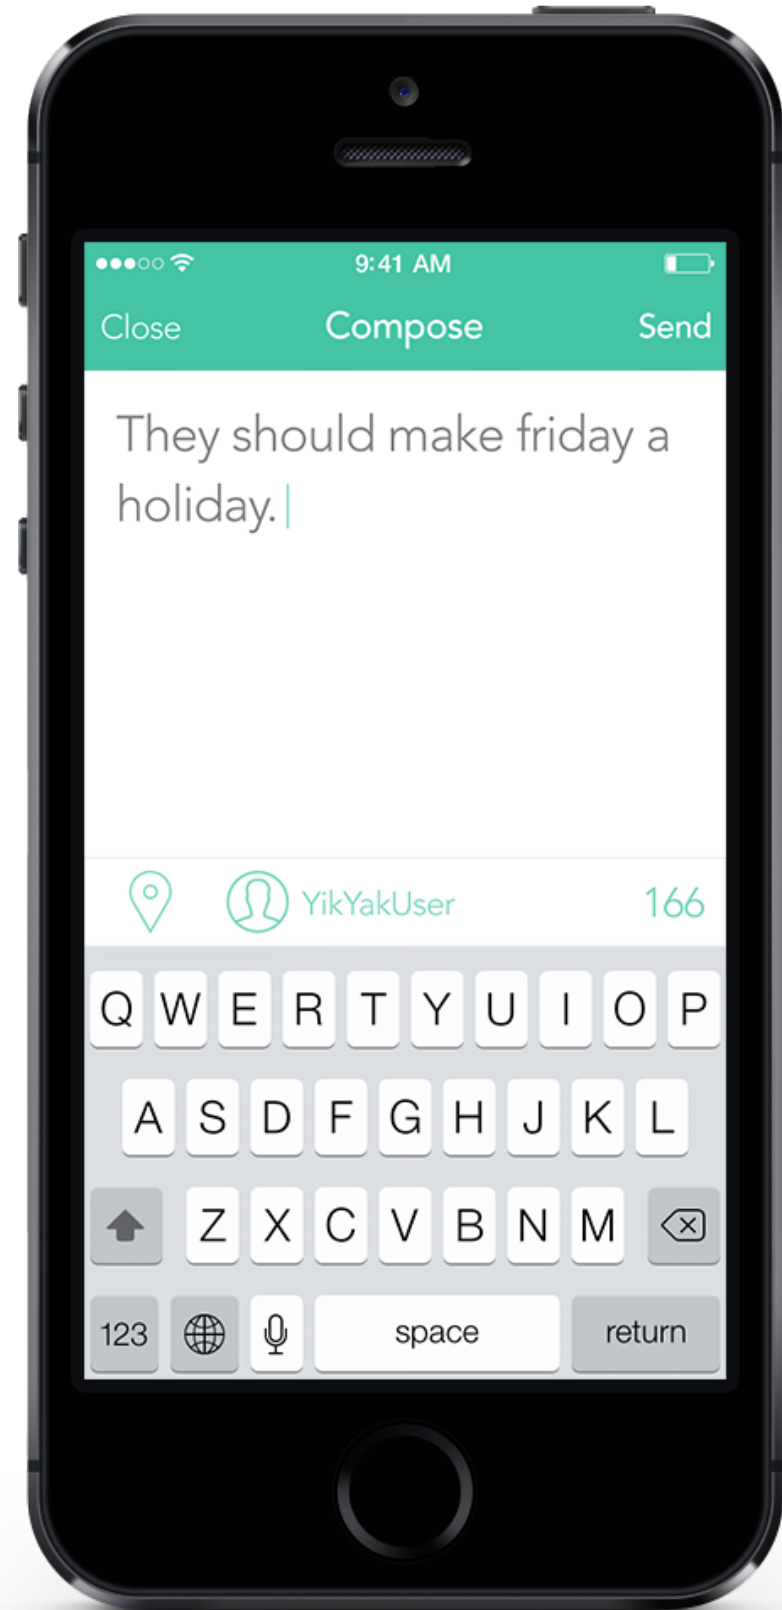

Joseph Albanese

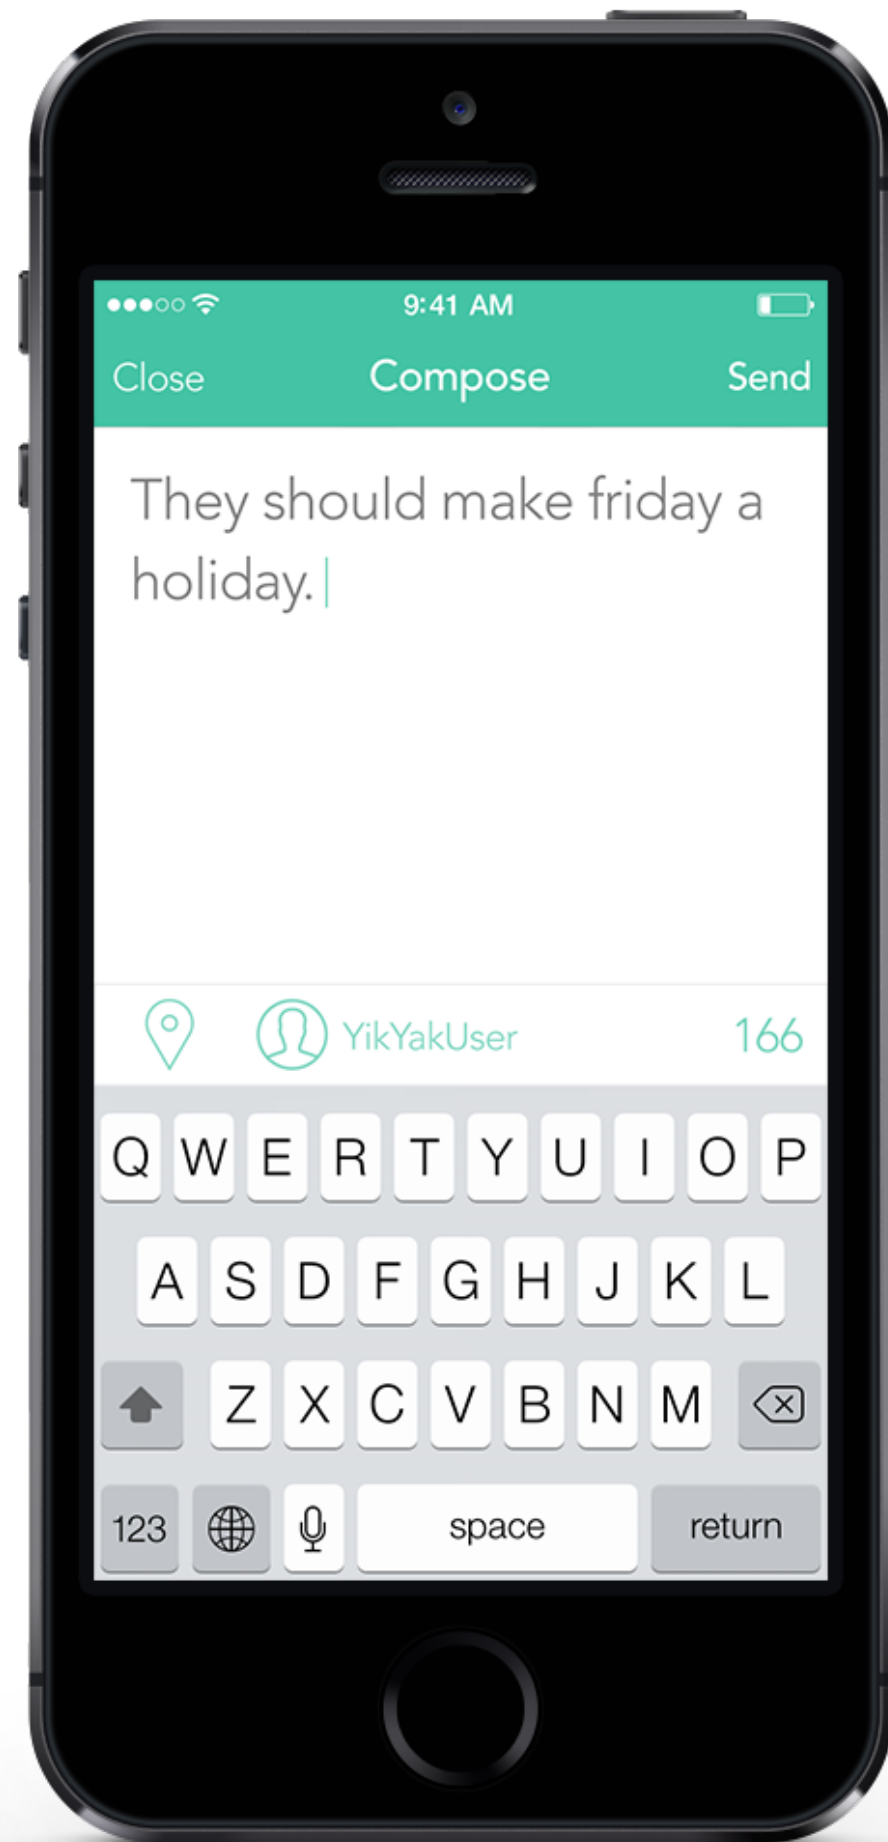

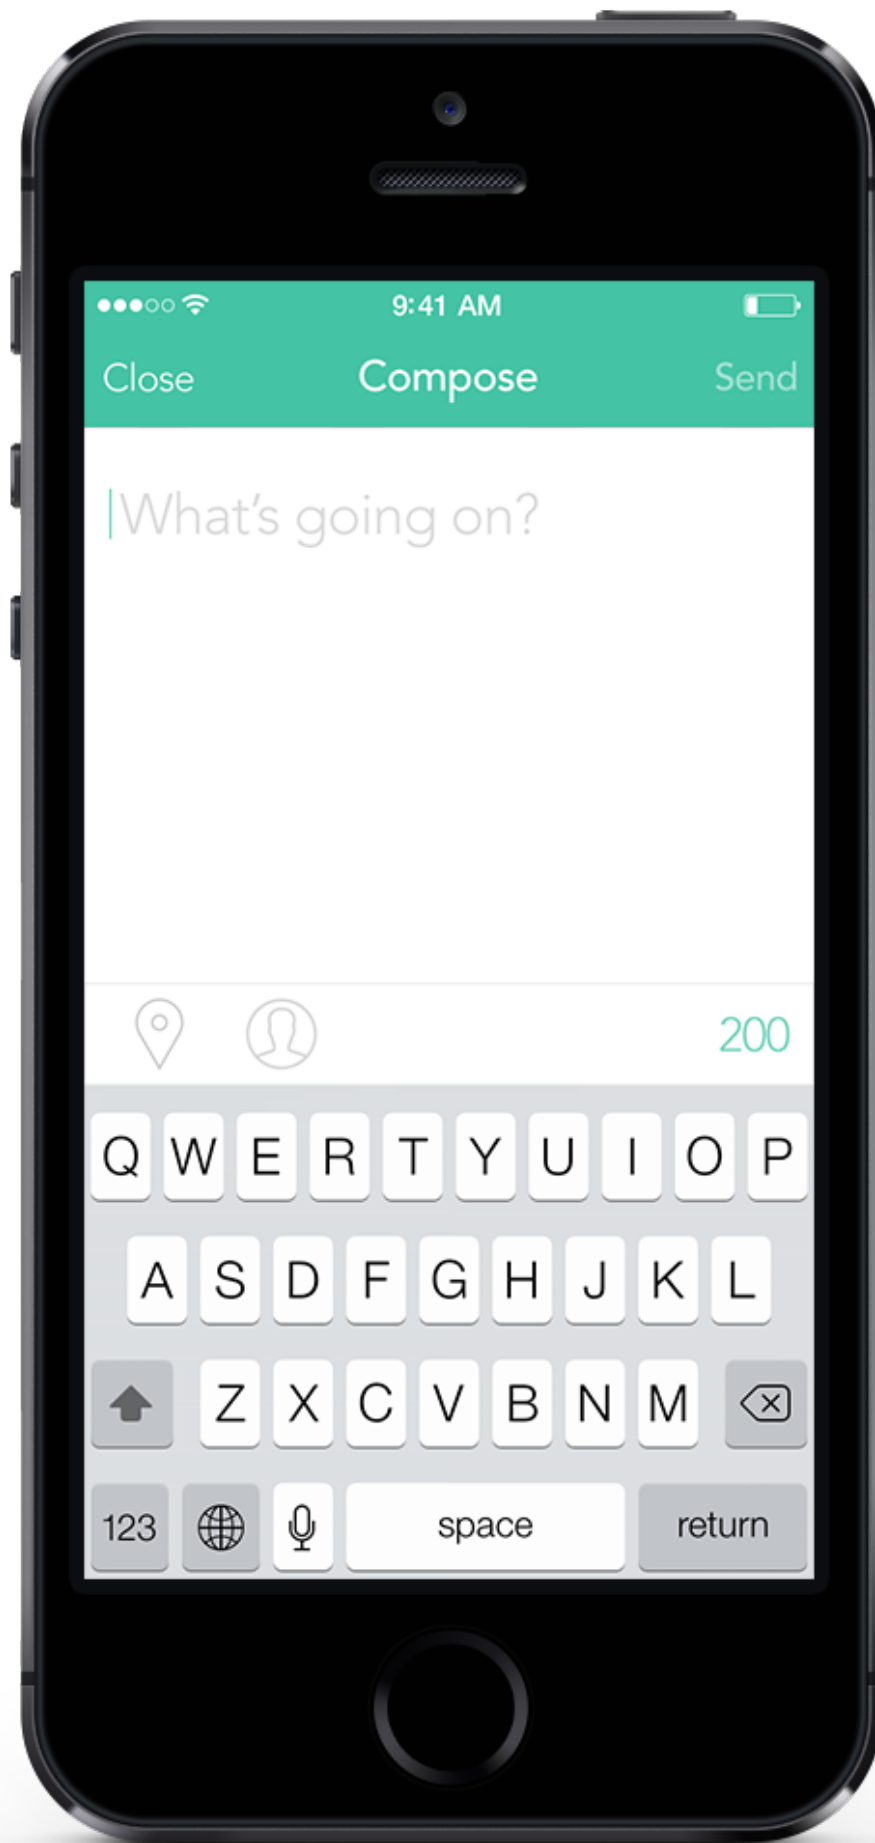

Contents

1. Compose View
2. Timeline View
3. Yak Detail View
4. Peek View

Compose

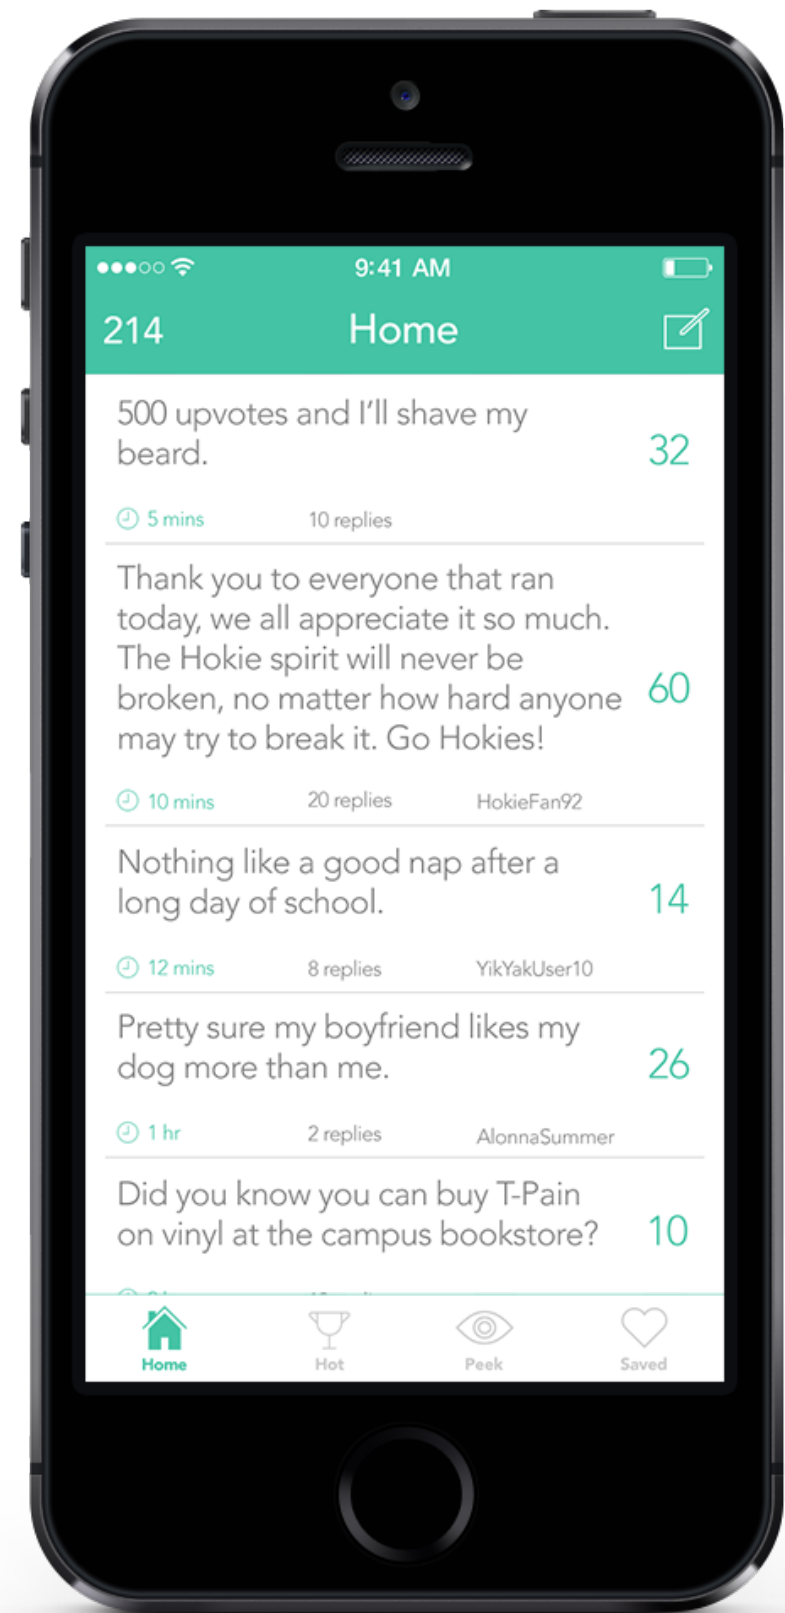

- Cleaned up the compose view.
- Switched to heavy font to showcase current yak.
- Introduced question "What's going on?" before composing. (See next slide.)

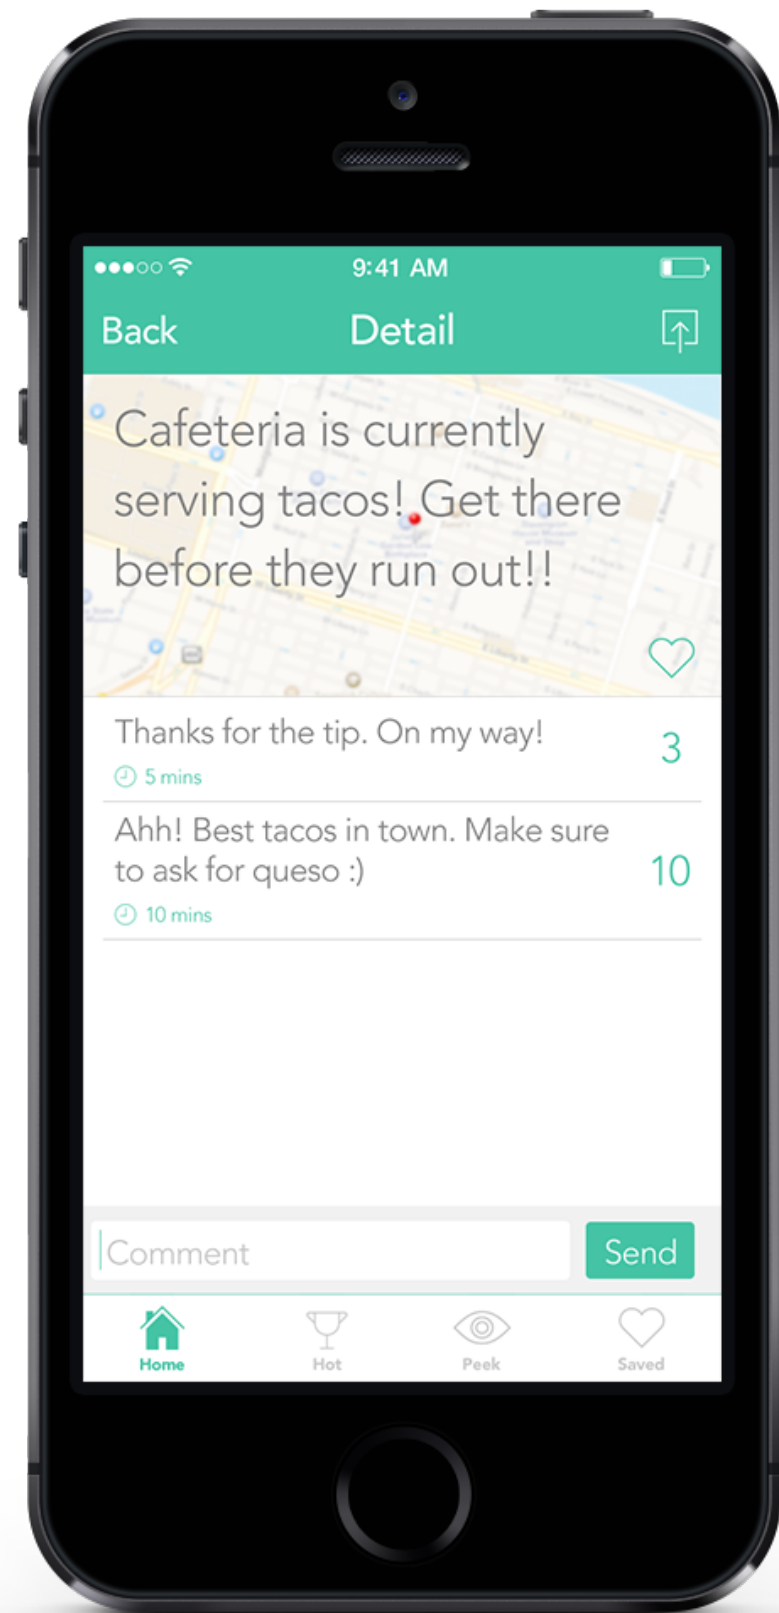

Timeline

- Introduced a tabbed navigation bar.
- Moved compose yak button to top right.
- Move Yak score to top left.
- Up/Down voting accessible through swiping.

Yak Detail

- Introduced ability to save or like a yak.
- Map can be viewed by swiping down.
- Commenting is easy and accessible.
- Up/Down voting accessible through swiping.

Peek

- Introduced a slider of interesting peeks for users.
- Swipe down to search.
- Trending Peeks change depending on current events.
